

## News of The Town

### Meet This Evening.

The firemen will hold a meeting this evening at the fire house at 7 o'clock. There are several important matters to talk over.

### Married.

P. M. Frost and Martha Rose Allen were married yesterday by Judge S. K. Williams at 3 p. m. The newly married couple recently arrived from Cripple Creek, Colorado, and will make Bisbee their home.

### Church Services.

Bisbee Church of Christ holds services at the opera house. Sunday school at 3 p. m., and preaching at 8 p. m. sharp. Elder H. W. Studley, minister.

### Repairing Church.

O. J. Onstead is hard at work repairing the damage done the Catholic church during the recent windstorm. The damage done will amount to \$500. The church will be ready for services by next Sunday.

### Catholic Services.

There will be mass this morning at the Catholic church on School hill at 9:45 o'clock, and vespers in the evening at 7:30 o'clock. No services in the Mexican Catholic church.

### Big Ball Game.

At the Don Luis ball grounds this afternoon the Copper Queen store and Bisbee nine will meet in a match game of ball for the local championship. Betting is about even.

### To Inspect Cattle.

Dr. J. C. Norton, territorial veterinarian, came down yesterday from Prescott. He will go to the lower part of the county and there inspect several bunches of cattle that are to be shipped west.

### Family Arrives.

The family of G. B. Wilcox, clerk of the district court, has arrived in Tombstone from Tempe, and are at present domiciled at the Duncan residence on Bruce street. They will make their home there. Mr. Wilcox was a justice of the peace here before going to Tombstone.

### Campbell Coming.

Gordon R. Campbell, who recently bought the South Bisbee property for a number of capitalists, is expected to arrive in this city soon. The purchase was made at a meeting held in Phoenix, and \$1,200,000 was the price paid. Local stockholders are fighting the sale.

### Shipping Remains.

The remains of T. F. Smith will be shipped to San Francisco this morning. The deceased was brought here from Cananea, where he died of pneumonia. Yesterday morning the remains of J. L. Shea, the deceased miner, were shipped to Victor, Colo. He has a widow and one child there.

### Return Tomorrow.

City Attorney Miller is not expected to return home until tomorrow. He went to Tucson several days ago to look after the matter of a townsite patent for this city. Several Butte capitalists have arrived in Tucson and Attorney Miller is conferring with them on private mining matters.

### School Picnic.

The school children held a picnic in the upper end of Tombstone canyon yesterday. The day was spent in games and rambles over the hills. Dinner was laid on the green grass under the shade of the trees. About a hundred school children took advantage of the day's outing, returning about sundown.

### Have Built Switch.

The railroad has laid a switch on the south side of the slag dump. The switch will be used for dead cars. It was reported at first that the slag dump was to be moved away, but this was denied by an official of the company. To move the slag dump would be one of the biggest jobs ever undertaken in Arizona.

### Bentley Released.

J. T. Bentley, accused of burglarizing the hardware store of Krakauer, Zork & Moye, and who was trailed across Arizona and New Mexico before his capture was finally effected, has been released from the county jail here for some time and made several attempts to escape. He was rated as a desperate man. Bentley was released because the state has repeatedly postponed trial of the case.

### Lots Selling High.

H. B. Callisher is in the city from Douglas. Mr. Callisher carries a large stock of dry goods at stores in Cananea and Douglas. "Land is selling pretty high in Douglas," said Mr. Callisher. "Good locations cost small fortunes and the most of them are already taken. I expect to dispose of my business at Cananea in a short time."

### Range Captain to Marry.

It has been reported that Burton O. Moesman, captain of the Arizona rangers, is to be married May 12, to a charming Phoenix belle.

## RANGERS ARE NOT AFTER NOTED FUGITIVE FROM JUSTICE

The numerous successes of Captain Moesman and the Rangers have attracted wide attention throughout the outlaws along the border. They have moniously with the county authorities and have played a great part in rounding up many of the most notorious outlaws along the border. They have continually been active in the discharge of the duties for which the Arizona Rangers were formed.

The character that is most wanted by the Rangers, and which Captain Moesman declares must soon yield to the law is Augustin Chacon, known as Chacon, the most notorious outlaw who ever led a band of lawless characters. Chacon is part Mexican, containing all the characteristics cunning of the race and possessing at the same time a rare degree of native ability, which is all concentrated in carrying out his reckless and nefarious deeds. He seems to wage an eternal war against justice, and heads from time to time successful raids, operating both in the United States and Mexico. His life has been checkered with murder, and he has led some of the noted bandits of Arizona and New

Mexico. About two years ago he was operating near Clifton and Solomonville, where he was supposed to be engaged in the very modest vocation of chopping wood. At this time he committed murder in two or three instances in the most cold-blooded form. He was arrested, tried, convicted, sentenced to hang, and committed to prison to await death.

He broke jail and escaped, and since then has been at large. Augustin Chacon is the acknowledged leader of the celebrated bandits who have made the country a terror upon numerous occasions. Recently he has been this side of the line, and drove a herd of horses into Mexico. Cattle in great numbers have been stolen by this bandit and his following.

"This desperado," says Captain Moesman, "is especially desired by the officers. When he is apprehended the acknowledged leader of the robber bands will be out of the way, and it will tend to break up these gangs. We will hunt this man down and bring him to justice."

### Working Three Shifts.

Three eight-hour shifts are now being worked at the ice plant. Ice is now being turned out during the entire twenty-four hours to meet the increasing demand.

### Popular Teachers.

The Bisbee schools have popular teachers. A little miss of six, said yesterday: "I wish we had school every day, Saturday, too." When asked why, she replied: "Because I like the teachers so well."

### A Long Term.

In all probability the city schools this term will not close before the end of nine and a half months. Next month Mr. Hamner will collect the assessment to be collected for the building of two new school houses, to cost about \$3500 each.

### Have New Chairs.

The New England Kitchen has recently placed in revolving oak seats, with backs, around the counter, that are very attractive and convenient. The electric light fixtures which have just been placed are the finest in the city, and add immensely to the appearance of the dining room. This is now without doubt the finest restaurant in the territory and points to the rapid progress that the city is making.

### Will Test Water.

Mayor Muirhead and Alderman Bowen drove out to the Bisbee West shaft yesterday. They went for the purpose of getting familiar with the property to be better able to talk over the terms with the company, which wants a water franchise in this city. Mayor Muirhead brought back a demijohn of water from the shaft, which will be sent away and tested for mineral. This is the water the company intends to furnish the city.

### Will Visit Cananea.

Dr. H. H. Stark, who was reported in these columns yesterday as being in Bisbee, failed to make connection with the train for Cananea today. He returned to Bisbee tonight, and is a guest at the Copper Queen hotel. He will go to Cananea today. Dr. Stark is a prominent citizen of El Paso; he is also part owner of the Times, the only morning paper in that enterprising city. He goes to Cananea tomorrow to satisfy his curiosity which has been aroused by the current reports extant. He said: "I never saw anything like Bisbee!"

### SMASHED RECORDS.

Inter-Collegiate Meet at Philadelphia Yesterday Afternoon.  
(By Associated Press)

Philadelphia, April 26.—The world's one and two mile relay records were broken, inter-collegiate pole vault figures were raised and the world's figures for the 100-yard dash were equalled on the Franklin field this afternoon in the relay races and field sports.

The quality of the sport was the finest ever seen at an annual relay meet at the University of Pennsylvania, and more than 8,000 persons witnessed the events.

Harvard won the mile championship in the new figures of 5:21 3/5.

Pennsylvania captured the two mile championship and clipped one-fifth of a second from the world's record of 3:05, and Yale took the four-mile relay championship in slow time.

The 100-yard dash was run in two heats and the final, and in each of his races, Duffy of Georgetown equalled his world's figures of 9.4 seconds.

Gray of Pennsylvania and Magee of Chicago cleared the bar in the pole vault at 11 feet 5 inches, breaking the intercollegiate figures of 11 feet 4 1/2 inches. In the jump off, Gray cleared 11 feet 5 inches, but Magee failed.

Chicago 7.
